Policy Statement

At Edukos Trust we strive to be: **EXCEPTIONAL. TOGETHER.** Creating great schools, ensuring better lives for all who we serve through our 3 core values:

- **Friendly**
- **Growth**
- **Trust**

Purpose

To ensure that there is a clear and unambiguous policy and procedure for admissions to **Edukos Trust** schools, which also comply with the **National Admission Code**.

Scope

This policy applies to anyone wishing to apply for a place at a school with Edukos Trust in **2025 to 2026**. Unless otherwise stated, applications under this policy will be for a child born between **1 September 2019** and **31 August 2020** to start at the school in Reception in **September 2025**

Responsibilities

The **Trust Board and the CEO** are responsible for monitoring the effectiveness of this policy, ensuring that a consistent approach to **Policy for Admissions** is applied across the Trust.

The **Head Teachers** are responsible for ensuring that this policy and the procedures within it are applied fairly and consistently.

Equality and Diversity

Edukos Trust is committed to:

- Promoting equality and diversity in its policies, procedures and guidelines;
- Ensuring staff are protected from unlawful direct or indirect discrimination resulting from a protected characteristic (e.g. age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).
- Delivering high quality teaching and services that meet the diverse needs of its children and its workforce, ensuring that no individual or group is disadvantaged

Introduction

This policy details the admission arrangements for applications and preferences for schools in Edukos Trust. The Trust is admission authority for the schools listed below. The admission authority is responsible for determining the school's admissions arrangements (including this policy) and deciding who can be offered a place in accordance with it. All Admissions Authorities are required to act in accordance with the Department for Education's School Admissions Code and the relevant legislation and regulations.

This policy complies with and operates within relevant East Riding of Yorkshire Co-ordinated Admissions Schemes and related protocols, including the East Riding Fair Access Protocol. The Local Authority in which the family resides are responsible for co-ordinating all admissions in their area and making offers of places. Further details on how to apply for a school place can be found on the council's website for the LA area in which a family reside.

Each school in Edukos Trust maintains a catchment area and parent/carers are advised to consider their 'catchment' school when making an application. If the place a child is allocated is at a school which parent/carers are not in the catchment area for, or if they move out of the catchment area they now reside in, then they may have less chance of being successful when applying for any younger siblings. A copy of the map of the catchment area for this school is available from the school or on the [Trust's Website](#).

This policy details the admission arrangements for applications and preferences in the normal primary admissions round; that is when applying for a place in advance for Reception as the year of entry to start primary school for the first time. Details of the application process for the primary admissions round are available in the section [Admissions into Reception](#).

This policy also details the admission arrangements for 'in-year' applications and preferences outside the normal admissions round; that is when applying either during the school year, outside the period of coordination in the primary admissions round, or for admission into a year group other than the normal year of entry. Details of the application process for in-year admissions are available in the section [In Year Admissions](#).

Advice and information for parent/carers on school admissions, including key information that applies to all applications as well as some frequently asked questions are available in the East Riding Guide for Parents which is available at www.eastriding.gov.uk/school-admissions or upon request from the East Riding School Admissions team. It is recommended that all applicants consider the information in the Guide for Parents before making an application. If East Riding of Yorkshire Council is not an applicant's home local authority, they should contact their home local authority for details of how to access the correct admission processes.

The admission of children with an Education, Health and Care Plan are covered by different admission regulations. Following negotiation, if a school in Edukos Trust has been named, a place will be allocated for these children before considering other applications.

Timetable for applications

by 12 September 2024	Opening date for applications
15 January 2025	Closing date for 'on-time' applications
from 16 January 2025	Applications received may be treated as 'late'
16 April 2025	National Offer Day for primary schools
23 May 2025	Deadline for return of appeal papers for 'on-time' applicants
June – July 2025	Admission appeals for 'on-time' applicants
September 2025	Start of the school year
31 December 2025	Waiting lists close, become in year waiting lists

Admissions into Reception

The Published Admission Number (PAN) is the number of pupils it is intended to admit into the Reception year group. For Reception in the 2025–2026 school year, this number is shown below. The PAN remains in force until the end of the year of entry.

School	PAN
Airmyn Park Primary School	16
Beverley St Nicholas Primary School	60
Dunswell Academy	15
Hook CE Primary School	30
Swanland Primary School	60

Children will normally be admitted into the year group relevant to the child's age and will start full-time in the school year they turn five. All children will be offered the opportunity of a full-time place from September in the year of entry.

The admission of children into the Reception year at a primary school is a completely separate process to nursery admissions. Attendance at a particular nursery class or early years provider does not give a child any priority within the admission arrangements for admission to the Reception year at a primary school, even if the school and nursery are located on the same premises or run by the school itself.

This policy includes an option of 'deferred entry'. This means that parent/carers may secure a place at a school under the normal admission arrangements but choose to postpone their child's admission to school, as long as their admission is not delayed beyond the point at which they reach compulsory school age. A child normally reaches compulsory school age at the start of the term following their fifth birthday. The table below sets out the position:

Date of Birth	Date of compulsory school age	Latest date child may start school full-time
1 September 2020 – 31 December 2020	31 December 2025	The start of the ‘Spring’ term in January 2026
1 January 2021 – 31 March 2021	31 March 2026	The start of the ‘Summer’ term in April 2026
1 April 2021 – 31 August 2021	31 August 2026	The start of the ‘Autumn’ term in September 2026

Where parent/carers would like to defer their child’s entry, so they do not start full-time in **September 2025**, an application must still be made at the normal time. Once allocated a school place, parent/carers should then advise the school in writing of their child’s intended start date and keep in regular contact with the school regarding any changes to this intended date. Start dates are recommended to be at the start of each half term, but these can be varied by agreement with the school.

The school will hold a place for that child and not offer it to another child during the remainder of the Reception year. Parent/carers should contact the school to make arrangements for admission of their child by no later than 20 school days before the intended start date. If parent/carers do not contact the school in the 20 school days before an intended and/or previously communicated start date, the school will make all reasonable efforts to contact them by telephone and in writing at any known physical address or email address. In the event that all attempts to contact parent/carers are unsuccessful, the school place may be withdrawn.

It is a legal requirement that all children must enter formal full-time education at the start of the term after their fifth birthday, but where parent/carers would like to discuss part-time education for their child so they do not start full-time in **September 2025**, parent/carers must still apply at the normal time. Once allocated a school place, parent/carers should then ask the school in writing what part-time provision may be offered, advising the school of their child’s intended full-time start date and keep in regular contact with the school regarding any changes to this intended date.

Some parent/carers of ‘summer born’ children (those children born between 1 April and 31 August) may wish to investigate the possibility of ‘delayed entry’ into a lower year group. Where parent/carers are considering this for their child, they may wish to contact the East Riding School Admissions team or the school in advance for information and advice.

Where parent/carers of summer born children would like to request to delay their child’s entry, so they do not start in Reception in **September 2025**, but instead start Reception in **September 2026**, parent/carers must still apply at the normal time and parallel to that application, put a formal request in writing to the admission authority to delay their child’s admission to a lower year group. This will then be considered by the admission authority, who may seek further information or clarification before making a decision. All decisions relate only to schools for whom Edukos Trust is the admission authority, and parent/carers are advised that the admission authority’s decision may not be honoured by other admission authorities and should not be considered as applying to other schools.

Where a request to delay entry is approved, parent/carers are advised to note that as places are not held open for children who delay entry, they then must reapply by 15 January the following year for a place in Reception alongside children who are one school year younger. Parent/carers may make an identical application for the same schools or request different schools from their initial application. As the numbers of applications and preferences, and even the number of available places, may differ from year to year, an approved delay does not mean a place at the same school can be allocated one year later. It will not be known which school

is allocated for an agreed delay until 16 April in the school year the child turns 5 and the results of the application one year later may result in a different school being allocated.

Where a request to delay entry is rejected, parent/carers should proceed in the usual way for their child to join their correct age group. Should parents/carers disagree with a decision to refuse their request, they should put their complaint in writing and follow the admission authority's complaints policy.

Where parent/carers would like to investigate accelerating their child's entry, so they do not start in the year group relevant to their child's age (the school year they turn five), but instead start at an earlier time, parent/carers should contact the school at an early stage to discuss their intentions and what the best approach might be. Parent/carers deciding to formally request this should do so in writing to the admission authority, together with any supporting information, by no later than **30th November 2024**. The admission authority will then consider their request, if necessary in conjunction with other schools, the local authority, early years providers and other professionals.

Where a request to accelerate entry is approved, wherever possible parent/carers should submit an application as part of the normal admissions round, for the year group it has been agreed is the most appropriate for the child. Parents/carers should make it clear in their application that an application out of the usual year group has been agreed. The application will then be considered in accordance with this admissions policy. The admission authority will not give the application lower priority on the basis that the child is being admitted out of their normal age group.

Where a request to accelerate entry is rejected, parent/carers should apply in the usual way for their child to join their correct age group. Should parents/carers disagree with a decision to refuse their request, they should put their complaint in writing and follow the admission authority's complaints policy.

The admission authority will make decisions on requests for admission outside the normal age group on the basis of the circumstances of each case and in the best interests of the child concerned and in accordance with any agreed co-ordinated Local Authority procedure in place. This will include taking account of:

- the parent's/carer's views;
- any information provided about the child's academic, social and emotional development;
- where relevant, their medical history and the views of a medical professional;
- whether they have previously been educated out of their normal age group; and
- where applicable, whether they may naturally have fallen into a higher age group if it were not for being born early or late.

The admission authority will also take account of the views of the head teacher in assessing the request. When informing the parent/carer of their decision on the year group the child should be admitted to, the admission authority will set out clearly the reasons for the decision.

Applications should be made by the closing date for applications which is **15 January 2025**. For residents of the East Riding of Yorkshire, applications can be made online at www.eastriding.gov.uk/school-admissions. Residents of other local authority areas should instead apply to their 'home' local authority. It is expected that most applications will be made online, but where applicants cannot apply online, they may request support from the school, or a paper application form. There is no additional 'Supplementary Information Form' required to apply for a school place at any school in Edukos Trust.

When making an application, parent/carers are advised to supply any additional information that may be required by the admission authority by providing this information in writing direct to the school or by emailing schooladmissions@eastriding.gov.uk with the child's details. It is advised that parent/carers submit any

additional information that may be relevant to the oversubscription criteria contained in [Section Oversubscription Criteria](#).

Any school's resources, such as teachers and classrooms, have to be used carefully to ensure the best possible standards for education and a safe environment. If no limit were set on the number of children that can go to a school each year these standards could not be maintained. Infant **Class Size** legislation may also limit the number of pupils that can be admitted in Reception, Year 1 and Year 2.

Late applications

Applications received after the closing date for applications in the primary admissions round of **15 January 2025** may be treated as 'late' applications – that is processed after all 'on-time' applications. Where possible, 'late' applications and changes of preference and/or circumstances will be treated as 'on-time' applications if:

- a) this is accompanied by a satisfactory reason provided at the time of application; and
- b) it can be accommodated within the timescales of the coordinated scheme and/or admission authority's processes.

Late applications received after the offer day will be processed using the same criteria as 'on-time' applications, although the availability of places will depend on where places are still available as well as the preferences of applicants. Late applications may be considered as 'in-year' applications. However, these preferences, if unsuccessful, will be held on a waiting list until the end of the first term in line with 'on-time' applications as set out in [Waiting List](#) section of this policy.

Waiting list

Where a school is oversubscribed in the normal admissions round, a waiting list will be held by the Local Authority as detailed in its coordinated admissions scheme from when offers have been made until **31st December 2025**. **During this time refused in-year applications will also be added to this waiting list.** After 31st December the school will ask the Local Authority for a copy of the waiting list, including all pupil details and parent/carer contact details and this list will be held locally at the school for any place that becomes available during the remainder of the school year.

From experience of one school in particular within our Trust, In Year applications are frequent but are often refused, owing to that school being full or oversubscribed in that year group at the time of application. In a limited number of cases, later in the school year a place may become available, that had the application been received at a different time, may have been successful. As repeat applications are not accepted in the same school year (see below), the timing of such an application can arguably lead to some unintended disadvantage.

In order to stop parents being unduly advantaged or disadvantaged depending on the timing of their application, from September 2022 Edukos Trust schools will keep a waiting list of those parents who have applied for a place for their children for the current academic year and have been refused a place as the year group or class is full or oversubscribed at the time of application.

Waiting lists for all year groups will be deleted at the end of last day of the summer term each school year. After the end of the summer term, as all applications for a cohort will be considered as for the next year group in the next school year, any refused preferences will be added to a new waiting list that will be held, and subsequently deleted, in the same way.

A child's position on the list will be determined by the [Oversubscription Criteria](#) set out this policy and will reflect their current circumstances where these circumstances have been provided to the admission authority. The list will also contain all other preferences that have been refused or are requested. Should a place

become available while the waiting list is in operation, a place will be made available to the applicant on the top of the waiting list on the day the place became available.

Applications may only be made once for each school year unless there has been a significant and material change in the circumstances of the parent/carer, child or school, which the admission authority agrees requires a new application.

Being on a waiting list does not affect a parent's/carer's right of appeal against an unsuccessful preference.

In Year Admissions

In-year admissions are those that are made either during the school year, outside the period of co-ordination in the normal admissions round(s), or for admission into year groups other than the normal year of entry. Where applications for an in-year place are received, whether a place can be offered will depend upon the availability of places in the relevant class/year group. If there are more applications for a place than places available, then the [oversubscription criteria](#) of this policy will be applied to ascertain which child is most entitled to a place.

Each school will maintain a current admission number for each year group. When a cohort of pupils progresses to a higher year group, the admission number previously determined for that year group remains in force and applicants can only normally be refused a place if the number on roll is equal to or greater than the admission number.

Each school may seek to vary the current admission number from the Published Admission Number (PAN) that was set for the corresponding normal year of entry, and in doing so will take into account the number of pupils currently on roll, their needs and the current organisation of classes in the school.

Each school may review the current admission number for each year group every year in the summer term before the start of the new school year, and where a change is proposed, communicate the new number and the reasons for this change (including details of any accommodation changes, class organisation and relevant financial information) to the East Riding School Admissions team for the purposes of coordination and to ensure the local authority's sufficiency requirements.

The operation of this policy is subject to the East Riding of Yorkshire Council's Fair Access Protocol. This Protocol is agreed with schools within the East Riding to ensure that – outside the normal admissions round – unplaced children, especially the most vulnerable, are offered a place at a suitable school as quickly as possible. It also requires local authorities to ensure that no school is required to take a disproportionate number of children with challenging behaviour. The Fair Access Protocol will take priority over this policy.

Where parent/carers would like to request admission outside the normal age group for their child, so their child is educated into a year group other than that relevant to their child's age, parent/carers should contact the school at an early stage to discuss their intentions and what the best approach might be. Parent/carers deciding to formally request this should do so in writing, together with any supporting information. The admission authority will then consider their request, if necessary in conjunction with other schools, the local authority, early years providers and other professionals.

The admission authority will make decisions on requests for admission outside the normal age group on the basis of the circumstances of each case and in the best interests of the child concerned and in accordance with any agreed co-ordinated Local Authority procedure in place. This will include taking account of:

- the parent's/carer's views;
- any information provided about the child's academic, social and emotional development;

- where relevant, their medical history and the views of a medical professional;
- whether they have previously been educated out of their normal age group; and
- where applicable, whether they may naturally have fallen into a higher age group if it were not for being born early or late.

The admission authority will also take account of the views of the head teacher in assessing the request. When informing the parent/carer of their decision on the year group the child should be admitted to, the admission authority will set out clearly the reasons for the decision.

Where a request for admission outside the normal age group is approved, parent/carers should then submit an application for the year group it has been agreed is the most appropriate for the child. Parents/carers should make it clear in their application that an application out of the usual year group has been agreed. The application will then be considered in accordance with this admissions policy. The admission authority will not give the application lower priority on the basis that the child is being admitted out of their normal age group.

Where a request for admission outside the normal age group is rejected, parent/carers should apply in the usual way for their child to join their correct age group. Should parents/carers disagree with a decision to refuse their request, they should put their complaint in writing and follow the admission authority's complaints policy.

Applications can be made at any time in the current school year, by application form available from the school or from the East Riding School Admissions team. Residents of other local authority areas should instead apply to their 'home' local authority. Applicants may request support from the school in making an application. There is no additional 'Supplementary Information Form' required to apply for a school place at any school in Edukos Trust.

When making an application, parent/carers are advised to supply any additional information that may be required to the admission authority by providing this information in writing direct to the school or by emailing schooladmissions@eastriding.gov.uk with the child's details. It is advised that parent/carers submit any additional information that may be relevant to the [Oversubscription Criteria](#) contained in this policy.

Applications will be considered in order of the date on which the application is received. If more than one in-year application for the same year group at the same school are received at the same time, the oversubscription criteria will be used to prioritise the children if places cannot be offered to all applicants.

Any school's resources, such as teachers and classrooms, have to be used carefully to ensure the best possible standards for education and a safe environment. If no limit were set on the number of children that can go to a school each year these standards could not be maintained. Infant Class Size legislation may also limit the number of pupils that can be admitted in Reception, Year 1 and Year 2.

Appeals

Applicants refused a place at the school have a statutory right of appeal. If a preference for a place at a school is refused, the applicant will be informed of the reasons and of their right of appeal. This right does not apply if they are allocated a place but it is not in their preferred year group.

The admission authority subscribes to the East Riding of Yorkshire Council's independent appeals procedure and any decision made under this admissions policy can be appealed using that process. Appeals are heard by an independent appeals panel and their decisions are legally binding in line with the School Admission Appeals Code. Applicants who wish to appeal should contact the East Riding School Admissions team to request the correct appeal form.

Applicants will only be able to appeal once in any one school year unless, in exceptional circumstances, the admission authority has accepted a second application because of a significant and material change in the circumstances of the parent/carer, child or school.

Withdrawing a place

Applicants are strongly urged to complete the application as accurately and fully as possible. Where an offer of a place at a school has been made on the basis of a fraudulent or intentionally misleading application which effectively denies a place to a child with a stronger claim, then under the **School Admissions Code** the admission authority is able to withdraw the place. In the event that a place is withdrawn, the application will be considered afresh by the admission authority.

Oversubscription Criteria

Some schools will be oversubscribed – that is where the number of applicants exceeds the relevant admission number. Where this is the case, priority is given to certain categories of children. The oversubscription criteria set out below will be used by the admission authority to prioritise all applicants who have applied for a place at a school in Edukos Trust, in these circumstances in the following priority order:

Criterion (i) – Places will first be given to children who are looked after by a local authority and to children who were previously looked after, including children who were previously looked after outside England, but ceased to be so because they were adopted or became subject to a child arrangements order or special guardianship order.

A looked after child is a child who is in the care of a local authority or is provided with accommodation by that authority (see section 22 of the Children Act 1989). Any application submitted for a child who is looked after by a local authority should be supported by the authority's Children's Services Department. An 'adopted child' is a child adopted under the Adoption and Children Act 2002 or Adoption Act 1976. A 'child arrangements order' is an order made under the terms of the Children and Families Act 2014. Section 14A of the Children Act 1989 defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian (or special guardians).

It is the responsibility of parent/carers or the relevant social care professional, to include with their application any details or documents that would allow the Council as admission authority to consider the relevance of Criterion (i), for example by providing the name of the relevant care authority and or copies of the relevant orders.

If the number of applicants meeting the first criterion is greater than the published admission number/number of available places, priority will be given first using Criterion (ii), then Criterion (iii), and then Criterion (iv).

Criterion (ii) – Places will next be allocated to children who live in the school's designated catchment area.

Information about catchment areas can be obtained from the School Admissions Team or from the school. A map of the catchment area of each school in the Edukos Trust is attached to this policy. The child concerned must be resident in the catchment area by **26 February 2025** to qualify under this criterion in the normal primary admissions round.

If the number of applicants meeting the first two criteria is greater than the published admission number/number of available places, priority will be given first to those who meet Criterion (i); and then those who fulfil Criterion (ii) will be prioritised using Criterion (iii), then Criterion (iv) and then Criterion (v).

Criterion (iii) – Places will next be allocated to children who will have a sibling attending the school at the time of admission.

If the number of applicants meeting the first three criteria is greater than the published admission number/number of available places, priority will be given first to those who meet Criterion (i) and then Criterion (ii); and then those who fulfil Criterion (iii) will be prioritised using Criterion (iv) and then Criterion (v).

Criterion (iv) – Places will next be allocated to children of members of staff of the school.

The member of staff must have been employed by the school for two years or more at the time the application for admission to the school is made or have been recruited to fill a vacant post for which there is a demonstrable skill shortage.

If the number of applicants meeting the first four criteria is greater than the published admission number/number of available places, priority will be given first to those who meet Criterion (i), then Criterion (ii) and then Criterion (iii); and then those who fulfil Criterion (iv) will be prioritised using Criterion (v).

Criterion (v) – Places will next be allocated to those children who live closest to the school. The distance from the child’s home to the school will be measured and priority will be given to those living nearest to the school.

If the measurement of the distance from home to school above does not distinguish between two or more applicants with equal priority, random allocation will be used as the final tie-breaker, and independently verified according to the Council’s protocol on random allocation.

Once all applicants have been prioritised in accordance with these admission arrangements, decisions about which children will be given places at the school will be made in accordance with the co-ordinated scheme or schemes for school admissions applicable to the applicant concerned.

Definitions

Residence

A child is normally deemed to be resident with their parents/carers. You may only use one address when making an application. This must be the address at which the parent/carer and child are ordinarily resident. We may check addresses against other records held by the Council.

Addresses must be permanent addresses, and not be those of relatives or temporary addresses such as staying with family or holiday accommodation.

Where there is joint residence, the address used should be the address at which the child is resident for the majority of school nights (Sunday–Thursday). If joint residence is evenly split, then parents/carers must jointly select one address and note only this address on the application, which will apply to all preferences. You should note these circumstances as supporting information in your application. This address cannot then be changed later after an application has been submitted. Documentary evidence may be required to show that the child is resident at the address, which may include both ‘entry’ proofs of the current address and ‘exit’ proofs of any previous addresses.

Siblings

It is the responsibility of parent/carers to include with their application the name of any sibling(s) for consideration under the oversubscription criteria.

We define siblings as brothers or sisters living in the same family unit at the same address as their primary place of residence. This includes half-, step- and foster- brothers or sisters at the same address, but does not include full-, half-, step- and foster- brothers or sisters living at different addresses as their primary place of residence. A family unit consists of children and their parents, carers or guardians. Parents, carers or guardians includes any person who is the birth parent, or a person with full parental responsibility, special guardianship or who has care of that child. If applications are submitted for siblings in the same year group and a place is available for one or more but not all of the siblings from the same family unit, the admission number will be exceeded where possible to allow them to be placed at the school within the statutory limits and exceptions of infant class size legislation.

Measurement of distance from a child’s home to school

Where distance from the child’s home to school has to be measured, the Council uses a computer GIS mapping system using Ordnance Survey information, to measure the distance and adopts the address points for the child’s home and the school as recorded on the Local Land & Property Gazetteer, (referred to as LLPG). The actual distance measured is a straight line from the LLPG recorded address point for the child’s normal home address to the LLPG recorded address point for the school.

If a school has a split site, the distance will be measured to the **LLPG** address point for the school site which is appropriate for the child's year group. The distance will be measured on the **School Admissions** team's computerised **GIS** mapping system using **Ordnance Survey** information.
